-PREPARATION GUIDELINES-

Your poster has been assigned a number which is specified in the conference program. Mount your materials on the appropriate numbered board between **8:00 a.m. and 10:00 am on Thursday, September 10, 2009**, and leave them in place until approximately 2:00 pm Friday, September 11. A presenting author should be at the board during the scheduled poster sessions during the conference luncheons. Please remove your display immediately following the Friday poster session. All posters must be removed before 3:00 pm Friday.

PLEASE NOTE THAT PROJECTION EQUIPMENT AND ELECTRICAL OUTLETS WILL **NOT** BE PROVIDED IN THE POSTER SESSION AREA.

The poster board surface area is **4' high by 8' wide**.

**PUSH PINS will be provided to attach your poster to the board.
Only the use of these push pins are permitted!**

PLEASE DO NOT WRITE OR PAINT ON THE BOARDS, OR USE DOUBLE-FACED TAPE, VELCRO, OR GLUE. USE ONLY THE PUSH PINS WHICH WILL BE PROVIDED.

Prepare a label indicating the title, authors, and affiliations of your presentation for the top of the poster. Lettering should be at least 1" high.

PLEASE REMEMBER the importance of visual presentation in producing a quality poster. Please do not simply tack up pages from a typed manuscript. Your poster should be self-explanatory so that you are free to supplement and discuss particular points raised in inquiry. The poster session offers an intimate forum for informal discussion, but this becomes difficult if you are obliged to devote most of your time to merely explaining your poster to a succession of visitors. You may wish to produce a one-page handout of your poster so that interested viewers can spend their time in conversation with you rather than writing down your results.
